DETAILED ACTION

Allowable Subject Matter

1. Claims 2-9 and 11-21 are allowed (Claims 1 and 10 are canceled by Applicant).
2. The following is an examiner's statement of reasons for allowance:

The primary reason for the allowance of claims 2-5, 8-9 and 11-18 is the inclusion of the limitation of at least one antenna sheet positioned between the flexible printed circuit board and the main board. It is this limitation found in each of the claims, as it is claimed in the combination, that has not been found, taught or suggested by the prior art of record which makes these claims allowable over the prior art.

The primary reason for the allowance of claims 6-7 is the inclusion of the limitation of at least one antenna sheet positioned between the flexible printed circuit board and the keypad assembly. It is this limitation found in each of the claims, as it is claimed in the combination, that has not been found, taught or suggested by the prior art of record which makes these claims allowable over the prior art.

The primary reason for the allowance of claims 19-21 is the inclusion of the limitation of at least one antenna sheet positioned either between the flexible printed circuit board and the main board, or between the flexible circuit board and the keypad assembly. It is this limitation found in each of the claims, as it is claimed in the combination, that has not been found, taught or suggested by the prior art of record which makes these claims allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
